12. (Unclassified - LLM) LIAISON On a referral from the Director's office, spoke with James Humphries, of Ralph Nader's office, who asked a number of questions on the meaning of the Director's letter to Senators Mike Mansfield (D., Mont.) and Hugh Scott (R., Pa.) on the lifting of the moratorium. In response to his questions, I said I thought it was clear from the letters that the Director was asking confirmation that it is now necessary and appropriate to proceed with the destruction of records consistent with applicable law, Presidential directives, National Archives schedules and procedures, and the requirements of pending litigation and Department of Justice investigations. He too seemed to feel that we may be destroying records which are evidence of wrongdoing which have not yet been investigated or not reported to appropriate authorities. I told him this simply was not the case.

13. (Internal Use Only - LLM) LIAISON During the day had a series of calls from J. J. Hitchcock, Sam Goldberg and Bill McAfee, all of the Department of State, concerning our appearance before the Senate Select Committee on Intelligence by the Director and Assistant Secretary Arthur Hartmann on the 27 May 1976 Presidential finding.

14. (Unclassified - LLM) LIAISON Dick White, Administrative Assistant to Representative Dale Milford (D., Texas), called saying he wanted to report to the Congressman on our analysis and offered to be of further assistance in connection with H. Res. 1095. White explained that the Congressman will be recuperating from his surgery for about two weeks, that he is personally involved in the legislation and might like to have a chance to review this matter with us in Dallas during his convalescence. White was not of the opinion that there was a great deal of support for establishing a new oversight mechanism in the House before the adjournment of the 94th Congress but felt that any one action might set off the House to do just this.

15. (Unclassified - LLM) LIAISON Called William Crosby, House Rules and Administration Committee, to determine their plan for action on the "Sunset" bill with a zero base budget concept. He said the Committee may consider whether to consider this legislation sometime in late June but that none of the bills are active within the Committee at this time.

12. (Unclassified - GLC) ADMINISTRATIVE Talked with Tim Hardy, White House staff, about the request from Representative Bella Abzug (D., N.Y.) for a copy of Mr. William Colby's unclassified comments to Vice President Nelson Rockefeller on the Rockefeller Report. Hardy said he saw no problem with providing her with the letter, but would check and get back in touch with me.

13. (Unclassified - RC) OVERSIGHT BUDGET Took a copy of [redacted] Associate General Counsel, memorandum on "Legal Authority for Funding ICS and NFIB", to Chuck Snodgrass, House Appropriations Subcommittee on Defense staff. Picked up six copies of the Department of Defense Appropriations Act, 1977 and the Committee report on the bill. Snodgrass noted the bill provided separate funds for the ICS and NFIB and that he got the figures from the Comptroller. He noted under congressional procedures we could reclama with the Senate to strike the open appropriation for the ICS or ask for more money for same. He explained that open ICS figures would show members that all concerned took the matter of intelligence oversight seriously.

15. (Unclassified - RLB) CONSTITUENT Spoke with Ms. Kitty Spalding, on the staff of Representative Guy Vander Jagt (R., Mich.), regarding her request on behalf of a constituent for information related to India's nuclear capability. I informed her that we would be glad to furnish her with a very brief unclassified analysis of that subject on the agreement that there be no mention that the information was provided by the CIA when forwarded to the constituent. Ms. Spalding agreed to these guidelines.

16. (Unclassified - RLB) LIAISON Mr. George Armstrong, on the staff of Representative John M. Ashbrook (R., Ohio), called in reference to an article that appeared in today's Washington Star regarding a CIA study on terrorism prepared by OPR. Mr. Armstrong asked if he could receive a copy of the report for use by Representative Ashbrook. I informed him that the study was unclassified and I would try to have a copy to him on Monday.

17. (Unclassified - DFM) LIAISON Larry Smith, Minority Counsel, Senate Committee on Rules and Administration, called and said a Harvard graduate student was writing a paper on S. Res. 400 and its legislative history. Smith said he and others on the Hill had talked with the man, but that he also would like a view from the Executive side. Smith asked if I would be able to meet with him sometime during the following week, and I replied I would inquire and let him know.

16. (Unclassified - THW) LIAISON I called Tom Smeeton, on the Minority staff, House International Relations Committee, to discuss Senator William W. Proxmire's (D., Wis.) "gift" amendment and our efforts to protect Agency activities with respect thereto. Smeeton called to my attention remarks by Representative William Broomfield (R., Mich.) in the Congressional Record of 21 June and stated that Representative B. F. Sisk (D., Calif.) had cited Representative Broomfield's comments at a meeting of the House Rules Committee on 22 June. Other members of the House Rules Committee agreed with Representative Sisk that the House was delinquent in not moving on intelligence oversight and Representative Ray J. Madden (D., Ind.) agreed that the Committee should begin hearings right away on the various oversight measures pending before the Committee.

17. (Unclassified - THW) LIAISON I called Jon Holstine, Minority Subcommittee Consultant, House International Relations Committee, to refresh him on the problems we had with Senator William W. Proxmire's (D., Wis.) "gift" amendment. Holstine was unaware of the conference today on the bill. Holstine said he would get our fact sheet to Ev Bierman, Minority Staff Director of the Committee, and discuss the matter with him to assure that everybody is aware of our arguments on the amendment. Holstine also stated he would refresh Representatives William Broomfield (R., Mich.) and John H. Buchanan (R., Ala.) so that they would be prepared in the conference.

18. (Unclassified - THW) LIAISON At the award presentation for Mr. Cary, I talked to Pat Holt, Chief of Staff, Senate Foreign Relations Committee, about Senator William W. Proxmire's (D., Wis.) amendment to the State Authorization bill and outlined the problems we have with the amendment. He agreed that the amendment could restrict our activities and promised to do what he could to see that we were protected. I gave him a fact sheet and other background data for his use.

I also spoke to him about the 6 March 1973 transcript of the hearing before the Committee at which former Director Helms testified. I told him that the State Department had advised us that Chairman John Sparkman (D., Ala.) had asked for State's opinion as to the releasability of the report to the Department of Justice and that State had told us that much of the material covered in the transcript was related to Agency activities. I told Holt that because of this we felt quite strongly that we should have a chance to look at the transcript and make a recommendation to the Chairman with respect to the release of the report. He suggested that we talk further on the matter and felt that something could be worked out.

19. (Internal Use Only - PLC) LEGISLATION Received a call from Bill Hogan, Counsel, House Armed Services Committee. The amendments to the Foreign Service Retirement Act are included in the State Authorization bill which is now in conference. He asked that a paper be prepared showing those provisions in the Foreign Service bill which are in the Agency's retirement bill for his presentation before the Rules Committee. He wants to make a point that the provisions we are seeking have already been considered by the Congress. He said that Frank Slatinshek, Chief Counsel, will be calling the Rules Committee to try to shake out our bill and he suggested that we call them as well.

20. (Unclassified - PLC) PRIVACY Joe Guirard, in the office of Senator John McClellan (D., Ark.), called concerning the Privacy Act request of a constituent which was forwarded to the Agency by their regional office in Arkansas last Thursday or Friday. Guirard said the individual is in town and wants to come out to the Agency and see his file. I explained to Guirard that the request has not yet been received. I gave him Mr. Gene Wilson's, Information and Privacy Coordinator, number which he could pass on to the constituent and alerted Mr. Wilson to the call.

21. (Internal Use Only - PLC) LEGISLATION Received a call from Jim Oliver, OMB, giving a preliminary reading that OMB will probably not submit an amendment revising upward the appropriations figure of [ ] for CIARDS for FY 1977. He thought at first that the revision could be included in an overall updating report to the Congress. He now learned that it must be a separate submission approved by the President which is seldom done. I discussed this with [ ] Office of Finance. The Agency can live with the [ ] figure for FY 1977 since the figure has to be readjusted in the ensuing years.

22. (Internal Use Only - PLC) LEGISLATION Met with Nicosia Gregory, Chief Counsel, House Rules Committee, and discussed scheduling of H. R. 13615, to amend CIARDS. Gregory said the Committee is jammed and suggested that the House Armed Services Committee Chairman get the Majority Leader to commit floor action. Rules will then take up the bill immediately. I subsequently discussed this with Bill Hogan, Counsel, House Armed Services Committee, and he will have Chairman Melvin Price (D., Ill.) call the Majority Leader. It appears now the soonest floor action will be the week of 20 July.
